

Products sourced for every operation.

2026 PRODUCT & PROCUREMENT GUIDE

Representative product categories, structured sourcing support, and a clear path from requirement to written quotation.

**Reliable Products.
Trusted Solutions.**

AEM Supply Group LLC
Orlando, Florida

aemsupplygroup.com

One partner. Many supply lines.

Explore representative supply categories, then send AEM the quantities, specifications, acceptable equivalents, and timing your organization requires.

A clear sourcing brief

Include product specifications, acceptable equivalents, quantities, required delivery timing, and supporting business files when needed.

WHAT WE SOURCE

The categories that structure a request

These categories are representative, not exhaustive. AEM can also review requests for products beyond the examples shown.

01	Janitorial & Facility	Paper goods, chemicals, mops, carts, and facility essentials.
02	Office & Breakroom	Workplace, filing, writing, coffee, and institutional consumables.
03	Safety & PPE	Gloves, eyewear, helmets, vests, respirators, and signage.
04	Industrial & MRO	Maintenance supplies, adhesives, lubricants, and consumables.
05	Hardware & Fasteners	Anchors, locks, hinges, hardware, and installation accessories.
06	Electrical & Lighting	Bulbs, fixtures, cables, outlets, and electrical accessories.
07	Plumbing & HVAC	Fittings, valves, filters, and maintenance consumables.
08	Tools & Workplace	Hand tools, power tools, ladders, furniture, and support equipment.

Support equipment for facility and workplace tasks.

Product availability, pricing, and delivery timing are confirmed only in a written quotation.

From request to receipt.

A straightforward process designed to keep decisions visible, timelines realistic, and documentation together.

01	Send the request	Share the product, quantity, specifications, and required date.
02	We source options	We search and compare suppliers, availability, lead time, and landed cost.
03	Receive a clear quote	You get a documented quote with terms, validity, and delivery expectations.
04	Coordinate delivery	We track the order, confirm receipt, and keep the paperwork together.

Need something specific?

Share the item, quantity, specification, acceptable equivalent, required date, and supporting documentation. AEM will review the request and prepare available sourcing options.

Support beyond the product list.

AEM combines product sourcing with practical procurement, coordination, and implementation support.

Supply and Distribution

Product sourcing, resale, fulfillment, and delivery coordination for recurring and project-based needs.

- Commercial and industrial supplies
- Wholesale and retail distribution
- Logistics and supplier coordination
- Import and export support, subject to applicable regulations

Procurement and Supply Chain

Structured sourcing, supplier research, purchasing support, and coordination across commercial and government procurement.

- Strategic sourcing and procurement support
- Supplier research and qualification
- Vendor, quotation, and bid coordination
- Purchasing and supply-chain coordination

Other Services

Practical support for strategy, project delivery, digital platforms, automation, and implementation.

- Consulting and Advisory
- Project Management and PMO
- Digital and Technology

AEM does not provide regulated legal, accounting, engineering, architectural, medical, or financial advisory services unless the required professional licenses and authorizations are in place.

Turn requirements into a structured RFQ.

Send the product, quantity, specifications, acceptable equivalents, required date, and supporting documentation your organization needs reviewed.
